

1. What are some of the highlights of working with C-Quest teams?

Evangelism: The arts-based evangelism program is very well prepared, clear, and powerful.

Organization: The teams are unified, respectful, and very friendly.

Service: C-Quest does various tasks and community service with enthusiasm and dedication.

2. How does the C-Quest evangelism program and our service projects help your ministry?

The evangelistic program is "excellent." I can see the results. I like it. It is powerful and simple, and at the same time, clear, direct, and focused on all ages and needs. You have given us a clearly-defined example to follow.

3. Where have you seen examples of God working in your ministry because of our partnership?

I've seen doors open to present the Gospel. Our primary focus is to start new projects, and to gain access into homes to teach the Word. Up until now, schools and municipal governments and organizations were closed to us. Villages where authorities provide development programs and support churches have never been willing to work with an evangelistic outreach before.

4. In what ways do you see the local Church growing? And specifically in your ministry?

This growth is not only new for us, but it has also opened up the possibility to contact new families. And young men and women are getting involved in serving others, not afraid to be involved in an evangelistic program, which has brought unity and increased participation.

5. What challenges does the local Church face, in general? And specifically in your church?

For us as an evangelistic ministry, some challenges we face are as follows: starting new projects and new churches; funding a center where we can continue teaching the Word of God; and developing new disciples to serve others.

6. How can we pray for you and your ministry?

Pray that our vision as a church is unified, and that together we can share God's Word. As well, that we will stay faithful to God, and be passionate about proclaiming the Gospel.

7. Have you seen any situations where we have inadvertently caused harm or broken cultural norms? How can we improve?

Not at all. I have not seen any problems. I believe that our faithful Lord is guiding your ministry. Your team is always willing and ready to serve and help.

8. Any ideas or suggestions you would like to offer?

You have surpassed all our expectations. You are an example in your humble service to others. I think that we can learn a lot from you.

In the name of our family and the ministry that the Lord Jesus Christ has given us, we are deeply grateful to partner with you in serving alongside your teams, even in a small part, helping you carry out C-Quest's purposes.

And we are thankful to you for supporting our projects.

Sincerely in Christ
